

Greif Cage Liner Disposable Intermediate Bulk Containers (IBC)

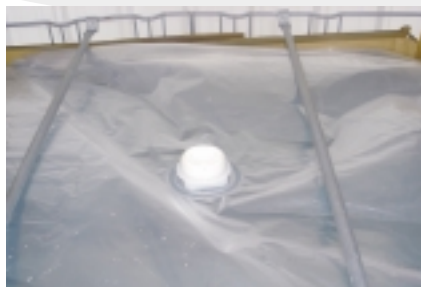

Refill and reuse IBC cages with the smart, efficient solution.

Reduce the significant costs of having to procure and transport IBC bottles by using Greif Cage Liners for your liquid packaging needs.

- High-strength “bag-in-box” design conveniently replaces bottles for filling, shipping, storage and discharge of non-regulated and non-hazardous liquids.
- Designed to fit all industrial-standard IBC cages.
- NMFC rated and FDA compliant.
- Quick and easy – can be assembled in less than one minute!
- Significantly reduced freight costs versus IBC bottles.
- Pre-installed liner allows for top and bottom discharge.
- Corrugated-board box and liner can be easily disposed of or recycled.

Patent pending.

Cage Liners are the highly efficient, reliable way to maximize the productivity and value of IBC cages.

Greif Cage Liner

Disposable Intermediate Bulk Containers (IBC)

Quick, Easy Assembly Overview

①

Insert first wall of Cage Liner in cage.

②

Open top, bottom and sides.

③

Insert and open second Cage Liner wall.

④

Detach the cassette liner, tilt inward and access the cap.

⑤

Attach 2" male threaded quick disconnect.

⑥

Attach supply hose with 2" female cam lock, push cassette to the floor – then fill. Liner will unfold as liquid goes in.
