

 **ADHESIVES**

Customized Water-Based and Dry Adhesives

Greif produces quality adhesives at competitive prices and offers hands-on technical support.

PACKAGING SUCCESS TOGETHER

www.greif.com

Incorporating a Load Cell-Based, Computer-Controlled Batching System Assures Accurate Charging of Raw Materials and Precise Cooking Cycles

Incoming Raw Materials are Quality Inspected which Results in Products with Consistent Properties and Performance

OVERVIEW

✓ Quality Assurance

Each batch is tested in our quality lab to ensure that it meets all established criteria and supporting paperwork is issued prior to shipment.

✓ Variety

The product line consists of a variety of products with proven track records both within Greif's own internal locations, as well as at external customers' locations.

✓ Custom Formulations

Wide latitude in formulating allows us to tailor new products to meet customer requirements for performance and running properties on their specific equipment and paper.

Difficult to adhere papers or coatings can be evaluated and formulations developed to provide a product specific to your needs.

✓ Various Quantities

Products can be produced in quantities from small volumes up to tank trucks to meet your usage and economic needs, with no variation in product properties.

We partner with customers and toll a wide array of water-based adhesives – large and small.

✓ Advanced Analytical Expertise

Our lab is equipped with state-of-the-art instrumental analysis tools for product determinations and verifying quality of materials.

✓ We Deliver

Dedicated drivers, trailers and tankers to help with our deliveries.
