# Built-in Moisture Resistance Minimizes Schedule Changes Due to Inclement Weather

Perfect for Columns, Piers, Pilings and Footings

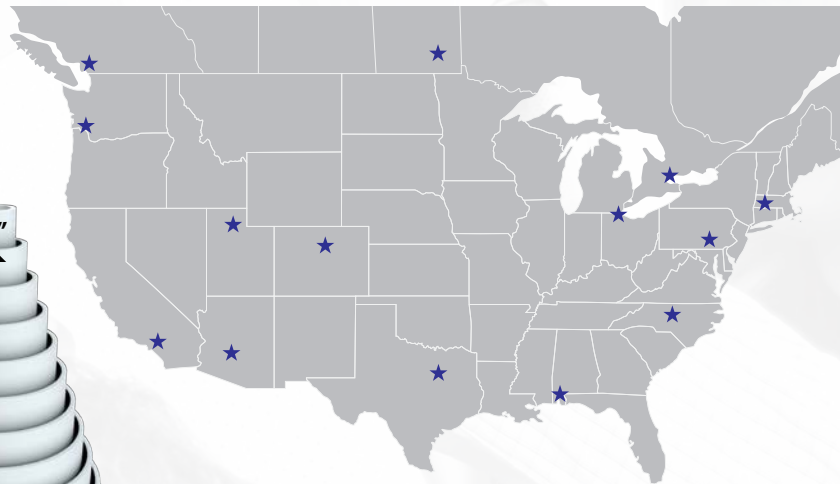

- ✓ **Superior Performance**  
Economical one-time use with easy placement – lightweight, easy-to-store, handle and erect.
- ✓ **Weather Shield Technology**  
Improved moisture resistance minimizes schedule changes due to inclement weather. Provides increased strength and durability vs. regular column forms.
- ✓ **Wall Thickness**  
Standard wall thickness to 12 ft.; heavy wall thickness to over 30 ft.
- ✓ **Poly Inside Ply**  
Offers easy stripping without form-release agents.
- ✓ **Installation**  
Easily placed manually or by crane.
- ✓ **Availability**  
Manufactured at Greif plants throughout the U.S. and Canada.
- ✓ **Private Labeling**  
Your logo available for maximum advertising and visibility on job sites – standard or custom lengths. Low upfront costs, reasonable minimums and a variety of paper and ink color selections.
- ✓ **LEED® Qualified**  
Manufactured with 100% recycled paperboard produced by our own mills.
- ✓ **Tube Strength**  
Handles extensive concrete vibrations.
- ✓ **Full range of diameters**  
6" to 60"
- ✓ **Recyclable**

\*Pouring rate based on tube size and specific job site conditions
