Stainless Steel Drum Features

WHY CHOOSE GREIF

- ✓ Product development team's unique expertise.
- ✓ Operational flexibility allows a bespoke design tailored to the specific customer requirements.
- ✓ Available from 5–500 liter (1–132 gallon) capacities.
- ✓ Tight Head or Open Head.
- ✓ UN and non-UN versions available.
- ✓ Hygienic, robust design that is easily cleaned.
- ✓ Crevice-free options available.

TESTING

- ✓ All drums are Helium or Air leak tested.
- ✓ In-house UKAS* accredited testing facility for specific UN requirements.
- ✓ ISO 9001 quality management systems.
- ✓ Tailored batch documentation and additional customer process checks available.

REUSE

- ✓ Stainless steel drums are fully reusable.
- ✓ Cleaning service available to EFTCO* standard.

Wide Variety of Applications

Including food, fragrances, specialty chemicals, methanol, petrochemicals, ethanol, resins, high-value powders, etc.

Welded Seam

No sealant compound used. All seams are fully welded to avoid any internal contamination.

Customized Handles & Closures

Stainless steel Tri-Sure® closures are available. Additionally, special lids or handles can be applied.

*UKAS—United Kingdom Accreditation Service; EFTCO—European Federation of Tank Cleaning Organizations.
