Designed for Maximum Product Extraction, Stackability and Easy Handling

OVERVIEW

- ✓ Heavy Duty 3-piece drums made from high-density polyethylene offering excellent **mechanical and chemical strength**.
- ✓ Because of their rectangular shape, these drums **maximize warehouse storage** by eliminating wasted space between containers, offering greater storage capacity compared to round drums.
- ✓ Engineered Barrier Resin option available to **ensure product safety** by preventing chemical and oxygen permeability.
- ✓ Rectangular Drums are available in sizes ranging from 8.5 gallons (32 liters) to 30 gallons (114 liters).
- ✓ UN registered and Food-Grade (FDA) compliant.
- ✓ Tailored to your needs: Custom colors as well as multiple neck format and sizes available. Drums can also be sleeved inline or post labeled.
- ✓ Unsure if the rectangular drum meets your needs? We also offer round drums with comparable features.

Four evenly spaced handles for easier handling.

Designed with 2 neck openings compatible with multiple closure systems.

Protective top and bottom rings offering secure handling and stacking capabilities.

Slanted floor feeding into a sump pit for maximum product extraction and less waste.
